INDEPENDENT AUDITOR'S REPORT

To the Shareholder of
CJS Securities, Inc.:

We have audited the accompanying statement of financial condition of CJS Securities, Inc. (the "Company") as of December 31, 2014 that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statement. These financial statements are the responsibility of the Company. Our responsibility is to express an opinion on these financial statements based on our audit.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards promulgated by the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether this financial statement is free from material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in this financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of this financial statement. We believe that our audit provides a reasonable basis for our opinion.

Opinion

In our opinion, the financial statement referred to above present fairly, in all material respects, the financial position of CJS Securities, Inc. as of December 31, 2014 in conformity with accounting principles generally accepted in the United States of America.

CJS SECURITIES, INC.
NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2014

NOTE 1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

CJS Securities, Inc. (the "Company") was incorporated in New York on November 5, 1997 and began operations on July 1, 1998, as a broker-dealer. The Company is registered with the Securities and Exchange Commission (the "SEC") and is a member of the Financial Industry Regulatory Authority, Inc. (the "FINRA").

The Company does not carry security accounts for customers or perform custodial functions relating to customer securities. Accordingly, the Company is exempt from the provisions of Rule 15c3-3 under the Securities Exchange Act of 1934 (the "Act").

The Company maintains its books and records on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, that also requires broker-dealers to value securities at fair market value.

The Company executes its trades through other member firms and records all securities transactions on a trade date basis.

The preparation of the financial statements in conformity with the accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statement. Actual results could differ from those estimates.

Fair Value Measurement – Definition and Hierarchy

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures (formerly FASB Statement 157, Fair Value Measurements) establishes a framework for measuring fair value and expands disclosures about fair value measurements. ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels explained below:

Level 1 - Valuations based on quoted prices available in active markets for identical investments.

Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

CJS SECURITIES, INC.
NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2014
(continued)

NOTE 1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES
(continued)

The availability of observable inputs can vary from instrument to instrument and is affected by a wide variety of factors. This includes the type of instrument, whether the instrument is new and not yet established in the marketplace, and other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised by the Company in determining fair value is greatest for instruments categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the instrument is reported in the lowest level that has a significant input. Even when inputs are not observable, the Company's own assumptions and methodologies are established to reflect those that market participants would use in pricing the asset or liability at the measurement date. In addition, during periods of market dislocation, the observability of inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified to a lower level within the fair value hierarchy.

Valuation techniques - equity securities: the Company values investments in equity securities and securities sold short that are freely tradable and are listed on a national securities exchange or reported on the NASDAQ national market at their last sales price as of the last business day of the period.

NOTE 2. FAIR VALUE MEASUREMENTS

The Company's assets recorded at fair value are categorized below based upon a fair value hierarchy in accordance with ASC 820 at December 31, 2014. See Note 1 for a definition and discussion of the Company's policies regarding this hierarchy.

<u>Securities owned</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Equity Securities	<u>\$1,471,884</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$1,471,884</u>
% of Total	<u>100%</u>	<u>-</u>	<u>-</u>	<u>100%</u>

CJS SECURITIES, INC.
NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2014
(continued)

NOTE 3. RELATED PARTY TRANSACTIONS

The Company has an agreement with a related company owned by the same shareholder for the use of office space, utilities, and certain office equipment. The Company incurs 100% of the lease obligation in return for the use of the premises and the equipment. This agreement is on a month to month basis and can be terminated at any time by either party without incurring any liabilities.

NOTE 4. NET CAPITAL REQUIREMENTS

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the 'applicable' exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2014, the Company had net capital of \$2,718,952 which was \$2,618,952 in excess of its required net capital of \$100,000. The Company's net capital ratio was 0.81%.

NOTE 5. FINANCIAL TRANSACTIONS WITH OFF-BALANCE-SHEET CREDIT RISK

The Company's activities involve the introduction of transactions on a fully disclosed basis with a clearing broker on behalf of its customers. Through contractual agreements with the clearing broker, the Company is liable in the event its customers are unable to fulfill their contracted obligations with the clearing broker.

The customers' activities are transacted on either a cash or margin basis through the facilities of a clearing broker. In margin transactions, the clearing broker extends credit to customers, subject to various regulatory and margin requirements, collateralized by cash and securities in the customers' accounts. In connection with these activities, the clearing broker executes and clears customers' transactions involving the sale of securities not yet purchased ("short sales"). These transactions may expose the Company to significant off-balance-sheet risk in the event the customers fail to satisfy their obligations to the clearing broker. The Company may then be required to compensate the clearing broker for losses incurred on behalf of the customers.

CJS SECURITIES, INC.
NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2014
(continued)

NOTE 5. FINANCIAL TRANSACTIONS WITH OFF-BALANCE-SHEET CREDIT RISK
(continued)

The Company, through its clearing broker, seeks to control the risks associated with its customers' activities by requiring customers to maintain margin collateral in compliance with various regulatory and the clearing broker's internal guidelines. The clearing broker monitors required margin levels daily and, pursuant to such guidelines, requires the customers to deposit additional collateral, or reduce positions, when necessary.

NOTE 6. INCOME TAXES

The Company has elected to be taxed under Subchapter S of the Internal Revenue Code and a similar provision in New York State. Accordingly, the corporation is not considered a taxable entity for federal and state purposes. Any taxable income, losses or credits are reported by each stockholder on their individual tax returns.

The Company is subject to the New York State Franchise tax which imposes a minimum tax based on variables affected by the Company's operations.

NOTE 7. COMMITMENTS AND CONTINGENT LIABILITIES

The Company had no lease or equipment rental commitments, no underwriting commitments, no contingent liabilities and had not been named as defendant in any lawsuit at December 31, 2014 or during the year then ended.

NOTE 8. GUARANTEES

FASB ASC 460, *Guarantees*, requires the company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying factor (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability, or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of the indebtedness of others.

NOTE 9. SUBSEQUENT EVENTS

Subsequent events have been evaluated and no events have been identified which require disclosure.
